Mr. Emory L. Brown, Jr.
Route 4, Box 82
Squankum Road
Farmingdale, New Jersey 07727

Dear Sir:

This is in reply to your letter of June 27, 1970, requesting additional information.

The Secret Service has taken the position that the Archives is the designated repository for the records of the deliberation of the Warren Commission and the evidence which was gathered and available to the Commission and its staff.

We feel, therefore, the Archives should be the source of the information you are seeking.

Very truly yours,

Thomas J. Kelley
